

PLAYOLOGY

Experiencing God through the art of play

THE ART OF PLAY

We love playing. We love art. We love God.

Playology is a perfect storm of those three things, as well as a word we made up to capture our full-day recreation-related workshops that happen all across the country.

AN AWESOME WORKSHOP THAT COMES TO YOU

re:create partners with churches and organizations to host community-building events. They provide interactive training and resources through "Playology," focusing on integrating recreation into ministry. Experienced leaders conduct workshops, making these events valuable for children and youth leaders, pastors, educators, and volunteers.

Participants gain practical tools and ideas to implement in their communities from the workshops, which focus on creativity, teamwork, and spiritual growth. By promoting play and connection, re:create aims to inspire fellowship and purpose, integrating the joy of play into ministry outreach.

WEBSITE
